E911 Status – Quarterly Report

CC Docket No. 94-102

May 1, 2007

Summary of Report

Dobson Cellular Systems, Inc.,¹ a Tier II CMRS carrier, provides this E911 Quarterly Report (“Report”).² The Report provides information on all Phase I and Phase II requests received by DCS, including: the PSAP ID, Name, State, County, Implementation Phase, Air Interface, Date PSAP Request Made, Date PSAP Request Withdrawn, Invalid Request, Deployed, Date Deployed, Date Projected, Reasons and Comment. Detailed information regarding the requests is contained in the attached chart.

Phase I Service

Since the last quarterly filing, DCS has received two new requests for Phase I service for PSAPs in Livingston County, MO and Armstrong, County, PA. DCS has worked diligently with its third-party vendor, Intrado, as well as the public safety community, in coordinating Phase I deployment. DCS remains committed to working with its vendors, the PSAPs, and state and local governments, in order to deploy Phase I services on a timely basis.

Phase II Service

A. Deployment Preparation

DCS is a mid-sized carrier servicing predominantly rural and suburban markets in twelve states. DCS previously relied primarily upon a TDMA-based network of base stations and switching equipment, but has since completed overlaying its TDMA network with GSM/GPRS technology. DCS has worked with equipment vendors to deploy a network-based Phase II E911 solution. DCS has executed a contract with Andrew Corporation to provide the Position Determining Entity equipment for a hardware solution for E911 Phase II and has also executed a contract with Polaris Wireless to provide a software solution for E911 Phase II.

B. Phase II Requests

Since the last quarterly filing, DCS has deployed the necessary software and hardware of the network-based Phase II solution in response to pending requests and has received new requests for Phase II service for PSAPs in the following counties: Livingston, MO; Daviess, MO; and Indiana, PA. The status of all requests is detailed in the attachment. To ensure that it

¹ The instant Report is filed on behalf of Dobson Cellular Systems, Inc. and its subsidiaries (collectively “DCS”). A separate report is being filed for American Cellular Corporation, which is an affiliate of DCS.

² See Revision of the Commission’s Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, CC Docket No. 94-102, Order to Stay, 17 FCC Rcd 14841 (2002) (“Order to Stay”); see Public Notice, “Wireless Telecommunications Bureau Standardizes Caller Reporting on Wireless E911 Implementation,” DA 03-1902 (rel. June 6, 2003).

may properly prioritize its E911-designated resources, DCS has generally requested each requesting PSAP to provide documentation pursuant to the *Richardson* criteria.³ DCS continues to work towards completing these Phase II requests pursuant to timetables that are mutually agreeable to the relevant PSAP. The status of all requests is detailed in the attachment.

C. Deployment Issues

DCS, as a rural carrier using a network-based Phase II solution, continues to face challenging deployment issues, all of which have been described in detail in previously filed quarterly reports. A copy of this report is being filed with the Chief of the Enforcement Bureau, the Chief of the Wireless Telecommunications Bureau, and the Executive Directors and Counsels of APCO, NENA, and NANSNA.
